Hinckley & Bosworth Borough Council

Draft Heritage Strategy

2018 - 2023

Background and Principles

The purpose of this document is to set out a clear strategy for Hinckley and Bosworth to guide conservation and heritage activities in the borough from 2018 to 2022.

The borough has a unique and distinctive heritage which should be preserved and enhanced for present and future generations. This strategy advocates a joined up approach to the management of the borough's heritage. Its delivery will require a partnership approach between the council, its partners and key stakeholders.

The historic environment is a valuable asset which contributes to broader strategic objectives including economic development, urban and rural regeneration, tourism, leisure and recreation, community development, good urban design and town planning, provision of formal and informal education, development of skills, and achieving sustainable development. This strategy aims to help define, reinforce and bring these diverse aspects together.

The Heritage Strategy provides a vision and key aims and objectives for the borough's heritage. It is supported by a detailed Background and Action Plan document which reviews the national and local heritage context, summarises key issues and challenges for the heritage sector and service delivery before setting out detailed actions and initiatives to achieve the aims and objectives of the strategy.
